

"A place where we aspire to excel in knowledge, faith and love."

ST JAMES' C OF E JUNIOR SCHOOL
NEWSLETTER - 3rd December 2021

Something to be proud of

This term in science, we have been studying electricity. We investigated a range of materials to find out which were conductors of electricity. We tested cork, plastic straws, coins, wool and foil. We found that there are similarities between the materials that conducted electricity. Shanel was able to write up the investigation extremely well. She included a prediction, method and a scientific conclusion. Well done Shanel in Lily class!

After school clubs

All after school clubs are finishing for the year on Thursday, 9th December 2021. Please collect your child at 3.15pm. Clubs will resume week beginning Monday, 17th January 2022.

Attendance and Punctuality

The classes with the highest attendance, last week, were Clover class with 99.3% and Daisy class with 99.7%. The most punctual pupils, last week, were in Ivy class. Well done to everyone in those classes.

Letters home

- Covid updates - whole school
- St Saviour's church - Y5
